***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 1, 8, 15, 22, and 23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicant's use of "later" and "latest" in order to refer to current command data and transmission order cause confusion.

In the 3<sup>rd</sup> paragraph of claim 1, for example, referrers to the "second information is the latest information" and in the 4<sup>th</sup> paragraph, applicant referrers to discarding the current command data when the first information about the transmission order is not later than the second information," these two statements are in conflict with each other causing confusion

***Allowable Subject Matter***

Claims 1-23 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

***Response to Arguments***

In response 112<sup>th</sup> 2<sup>nd</sup> paragraph rejection applicants argument are not persuasive one of ordinary skill is not able to clearly decipher the claims because a statement is made

in the 3<sup>rd</sup> paragraph, which is contradicted in the 4<sup>th</sup> paragraph. For a clearer understand read the above rejection.
